

Why dig –  
when there are trenchless solutions?

The 1<sup>st</sup> Trenchless Romania is one of the region's most significant conference and exhibition focusing on Trenchless Technologies. Trenchless Technologies are pioneering techniques which combine economic efficiency and environmental protection thus providing a modern approach for the installation, replacement or renewal of all underground utilities from, water, sewer, gas, and industrial pipelines to electrical conduit and fibre optics with minimum excavation and surface disruption.

The event will showcase machinery, products and services from international manufacturers and providers attracting top quality audiences from around the region whose aim is to expand their knowledge and experience the latest technologies for the installation and refurbishment of underground utilities.

# Trenchless Romania

## Conference Program

18 May  
2016

Hotel Caro Club  
Bucharest

**GRUNDOBURST**  
Pipe renewal at its best

# Trenchless Romania

## MAIN SESSION A

Session chair:

Dr. Klaus Beyer, Secretary GSTT

9:00 – 9:10

Opening and Welcome

Prof. Jens Hölterhoff, Chairman GSTT &  
Dan Ulian Szekely, Vice President ROSTT

9:10 – 9:40

Key-Note Speech

Trenchless Innovations from Germany &  
Why Trenchless Technology

Prof. Jens Hölterhoff, Chairman GSTT

9:40 – 10:05

NN: Overview Network Situation in Romania

NN: (to be confirmed)

10:05 – 10:30

Pipe rehabilitation with the pipe bursting technology

Sebastian Schwarzer, Regional Sales Manager  
TRACTO-TECHNIK GmbH & Co. KG

10:30 – 11:00

Coffee Break within the exhibition

11:00 – 11:25

Deep sewer microtunneling

Dan Ulian Szekely, Director Romania,  
HOBAS Pipe Systems SRL

11:25 – 11:50

Microtunnelling and Direct Pipe technology

Michael Lubberger, Product Manager Pipeline Business  
Unit Utility Tunnelling, Herrenknecht AG

11:50 – 12:15

Use of HFI-longitudinally steel welded pipes  
Coatings and innovations for trenchless applications

Horia Alexander Enciu, Salzgitter Mannesmann  
Line Pipe GmbH

12:15 – 12:40

Customized offers for trenchless applications

Robert Walczak,  
Application Manager Amiantit GRP Pipe Systems Europe

12:40 – 13:45

Lunch break within the exhibition

## SESSION B1

Session chair:

Dan Ulian Szekely, Vice President ROSTT

13:45 – 14:10

Applied ductile iron technologies:  
HDD in Alba Julia DN800

Roland Kröpfl, TIROLER Rohre GmbH

14:10 – 14:35

Trenchless construction –  
not possible completely without digging

Madalín Sima, Managing Director Titan Technik AG

14:35 – 15:00

„No Dig Solutions with jacking pipes. Experience in  
microtunneling and renovation with vitrified clay pipes.”

Christel Flittner, Head of Pipe Jacking,  
Steinzeug-Keramo GmbH

15:00 – 15:30

Coffee Break within the exhibition

15:30 – 15:55

Trenchless turn-key solutions for pipe line  
rehabilitation

Corina Durlescu, Managing Director,  
SEKISUI SPR Romania

15:55 – 16:20

Trenchless pipe repair solutions using  
Uhrig and Rausch technology

Madalín Sima, Managing Director Titan Technik AG

16:20 – 16:45

CIPP sectional repair as a trenchless solution  
Graham Evans, UKSTT

16:45 – 17:10

HBE-DX Standalone direct-to-steel coating system

Horia Alexandru Enciu,  
General Director Industrial MD Trading SRL

## SESSION B2

Session chair:

Dr. Klaus Beyer, Secretary GSTT

13:45 – 14:10

Why trenchless house connections?

Prisca Sokolowski, Product Manager,  
Hauff-Technik GmbH & Co. KG

14:10 – 14:35

Guided Auger Boring - Special Applications

Dr.-Ing. Gregor Nieder, Bohrtec GmbH

14:35 – 15:00

Sewer rehabilitation mortar –  
product overview and projects

Mark André Haebler, Hermes Technologie GmbH

15:00 – 15:30

Coffee Break within the exhibition

15:30 – 15:55

Pipeline is more than just HDD: Turnkey-  
solutions for your next pipeline job

Daniel Hooke, Jaap Kommer, RomNed

15:55 – 16:20

Safe and intelligent multilayer pipes for  
trenchless installations

Kai Hülso, Head of Business Development,  
egeplast international GmbH

16:20 – 16:45

Applied Ductile Pipe Technologies for  
trenchless applications within cities

Marc Winheim - Department Applications Engineering,  
Duktus Rohrsysteme Wetzlar GmbH

16:45 – 17:10

GRP-Liner and UV-curing – The optimum  
solution for demanding trenchless job sites

Christoph Lindner, Sales Manager,  
iMPREG International GmbH

- Special Traditional Romanian Evening -  
Grand Ballroom, Hotel Caro, Bucharest

Start: 19:30

Romanian Menu, Special Program with traditional dancers
